Welcome To

Sree Abiraami Arts and Science College for Women

Sree Abiraami Arts and Science College for Women (SAWC) was established in the year 2016. The aim of the institution is to “ Empower Women through Quality Education “ to the socially and economically backward female students of this region. The college is run by Sree Abiraami Educational and Charitable Trust, Gudiyattam approved by Government of Tamil Nadu and affiliated to Thiruvalluvar University, Vellore. This is the first women institution in Gudiyattam located in Keelalathur Village on Gudiyattam to Katpadi main road, just about 30 Km from Vellore, a health and educational hub.

The college is situated in serene and greenish atmosphere with high-tech infrastructure and spacious class rooms enabled with ICT facility, well equipped laboratories, computer lab, digital library, 24 X 7 Wi-Fi accessibility and hygienic canteen. 30 buses are operated covering 70 Km radius from the college for the benefit of the students.

The college offers 9 UG Programs and 3 PG Programs. The management and the faculty members are dedicated in creating the environment which supports the vision of the college. In order to achieve this goal, the institution conducts seminars, guest lectures, conferences, symposium and other activities in regular intervals.

Vision:

To emerge as a renowned women institution in academic excellence, equipping students with intellectual, spiritual and emotional strength to face the global challenges.

Mission:

- To set a standard in the realm of education by combining several fields of study.
- To educate and equip women with knowledge and skills needed for successful life.
- To provide value based education that integrates arts, science and spirituality.
- To provide faculty with domain specific knowledge and ICT skills.
- To concentrate on sensitive social issues through outreach and extension activities.

Chairman Message:

Our vision is based on hard work, open communication, a strong emphasis on team work and a high level of responsibility. This visionary culture allows and emphasizes our wards not only to adopt the present day challenges but also individual responsibilities to the society and our nation at large.

Learning should be based on doing things and not merely knowing things. Until and unless learning solutions relate to real life and motivate the learner to acquire and apply the knowledge,

the whole process will remain superficial. Any engineering institution worth its name looks to optimize the productivity of global leaders. Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education.

The service of the institution in creating personally mature, professionally equipped and service-oriented graduates is really worth mentioning. We strongly believe in academic excellence and do not compromise on teaching standards or discipline. These three things are the springboards on which we operate.

People who feel good about themselves produce good results and people who produce good results feel good about themselves. We also believe in total learning and sharing.

About Placement:

The Placement Cell of Sree Abiraami Arts & Science College for Women has been assisting the students in paving a way to their career.

We organize Campus Placement Drive for the UG & PG final year students every year. The Cell provides complete support to the visiting companies at every stage of placement process.

The Placement Cell invites speakers from Corporate to speak on various career opportunities in the market and how to explore the industry expectations etc.

Skill Enhancement Training is given to the final year students in areas of Aptitude Test, Resume writing, interview skills and Group Discussion techniques to face the selection committee during Campus Drive.

The cell makes great efforts to organize Career Guidance programs, Soft Skill Training programs. Industry personnel are invited periodically to enrich the knowledge of our students. It plays a vital role in counselling and guiding the students for their successful placement in different fields.

The main aim of Placement Cell is equipping the students with relevant and conceptualized professional skills and guiding them towards a bright future and career. The placement cell builds and maintains a healthy database of the companies who visit our institute every year to recruit our young talents.

Objectives:

- To develop the students to meet the corporate expectation and place them in reputed companies based on the expected job profiles of each student.
- To create awareness among students regarding available career options and help them in identifying their career objectives.
- To Guide the students in developing skills and job-search strategies required to achieve their career objectives.
- Updating the students about the current market trends periodically to prepare for the industry expectations.
- To Act as a bridge between students, corporates & Alumni.

Career Counseling:

The Career Guidance and Placement Cell provides guidance for the students in discovering their interests, improving their capabilities and planning for their career development through various programmes such as seminars, training programmes on soft skills, orientation programmes etc.

- Organizing job oriented courses.

- Conducting campus interviews for reputable and professional organizations.
- Training students for their professional careers.
- Preparing them for competitive civil service exams, higher studies and choosing a rewarding career.
- Conducting exclusive training programs on Soft Skills and Personality Developments.
- Assisting students in discovering their strengths, sharpening their interests and planning for a satisfying future.
- Conducting Training programme especially for students to take part in campus drive for IT sectors.
- To provide current updates and industrial exposure for all the students
- Industrial training in aptitude and soft skill for pre final year students
- Expert talks for updating latest trends in technology
- Career awareness programmes by industry professionals
- The students are sent to off-campus drives conducted in other colleges
- The Placement cell conducts soft skill Training programmes which helps students to enhance their Personality Development
